## Opportunity to sponsor children living in poverty in Jakarta, Indonesia

As many of you know, Southern Vales runs a biennial Mission and Cultural Awareness Trip to Indonesia. On our 2010 trip we visited a Compassion project in Tanjungk Priok, the port area of Jakarta. We witnessed personally the level of poverty that people have to deal with, as well as the difference that sponsorship makes to a child and their family. In fact to their whole community through education, health and social programs. At that project we were so blessed by the joy of the Lord and new sense of hope that the Gospel message and the financial support has offered these dear people. We were very challenged on hearing the testimony of a pastor who ministers in this formerly Muslim enclave.

On our next trip in March 2012 we will be visiting three Compassion projects over two days and will actually meet the children who are being sponsored by our College community. There are four more children, all girls (pictured below), who are awaiting sponsorship. It would be awesome if we could find

*cont. page 2*

from page 1

some new sponsors for these children. Their names are Clarissa aged 6, Ridha 8, Nabila 8 and Priscilla 8. It could be that a class, a year level, an individual or an extended family group would decide to sponsor one of these children. Your small sacrifice would mean a whole new beginning for these children and their families.

For more information, please contact Mrs Jenny Ward at school or by phoning her mobile (0411 739 583). You can see further details about these four children, as well as a photo, at the front office of each campus. We would love to visit your sponsor child too! Jenny will need to hear from you by Friday 2<sup>nd</sup> December. Sponsorship can begin in January 2012 or by negotiation.

In the meantime, please keep the Indonesia Trip and the children who are sponsored by our College community in your prayers.

## Visual and Creative Arts

What a privilege it is to teach art in a Christian School, where students are able to create artworks that reflect their own personal spiritual journeys. The image on the right is an installation artwork by year 12 student Laura Colebatch. It is a life size work incorporating a wall and floor space, everyday domestic furniture, objects and frames. Each surface is covered in the pages from an entire Bible. When planning this idea there was some healthy debate in the class among the students as to whether it was okay to use the pages from a Bible in this way.

This is in fact, a powerful, inspiring piece of art that describes Laura's desire to have Gods Word infiltrate every part of her life and not just become a book kept on a shelf. Each item has pages of scripture carefully selected to create personal meaning.

This year we added an extra art

***“Do not let this Book of the Law depart from your mouth; meditate on it day and night, so that you may be careful to do everything written in it.”***  
*Joshua 1:8*

subject to the year 11 and 12 curriculum, allowing students to do double arts if art was their passion. In Creative Arts, year 12 students are required to exhibit their work outside of school to experience what it means to be a practicing artist. One of our students, Ellison McKay, sold her work at a local exhibition, which was really encouraging.

Our year 8 students have experienced a broad range of art concepts and produced some great work, such as the Picasso paintings below by Amaya Milne, Abigail Jones and Reynier Lara .

The year 9/10 classes have created mixed media works and drawings in various media. On page 6 you will see some pencil self portraits by some of the talented students in this group.

**I invite you to come to our “Arts” Exhibition incorporating Visual Art, Drama, Music and some beautiful woodwork furniture from our Technical Studies year 12 students. Details are on page 6.**

Artwork on this years invitation is by Kirsten Mooney.

## Big Famine Success

In June this year, the 40 Hour Famine journey began with the Global Leadership Convention held at Seaton Christian Family Centre. A team of year 11 students from both campuses attended the event which involved speeches by people who had been to East Timor (the country where our MASSIVE amount of money is going), a simulation activity to replicate how people live in poverty, and the opportunity to meet with other young growing leaders. It was also a great way to challenge us and help us understand with greater depth the issues surrounding poverty and introduce us to the people that our fundraising efforts would assist.

On the return many fundraising ideas were implemented such as a BBQ/Casual day at both campuses which was a huge success and raised a large amount of money for this cause. We were recently visited by *Kieran Johnson, Youth Relationship Representative for World Vision* (pictured below with Kathleen and Joel). He was over the moon to present us with a High Achievement Award for raising **\$7358.66!!**

This phenomenal achievement would not have been possible without the ongoing support of Parents/Students and Teachers who really pushed the Famine along with their support in all the events surrounding the famine. On behalf of the 40 Hour Famine Team we would like to thank you for helping our goal become a reality.

Last year both campuses together raised approximately \$3000; this year's effort is a huge step up and has really encouraged everyone involved. We hope for a great outcome with next year's Famine and are hoping to boost our total to \$10,000. If everyone is as passionate and supportive as they have been this year there will be no issue achieving this.

Many thanks  
Joel and Kathleen  
on behalf of the 40 Hour Famine Team 2011
